TUTOR FEEDBACK

Session focus :

- Reviewed the structure of a 90-second opening speech: position, evidence, and proposed action.
- Practised responding to two questions about climate adaptation funding.

Positive observations :

- Explained the country position clearly and supported the main claim with a relevant example.
- Maintained eye contact and delivered the closing statement within the time limit.

Points of improvement :

- Reduce repeated filler words and pause briefly before answering questions.
- Prepare two reliable sources and practise a concise rebuttal before the next session.
