STUDENT REPORT

Student	:	Alya Pratama (SAMPLE)	**Tutor**	:	Nadia Putri (sample)
Competition	:	Model United Nations	**Session Date**	:	Friday, 23 October 2026
Mode	:	Online	**Class Topic**	:	Opening speeches and evidence-based arguments
Class type	:	Solo	**Cohort / class**	:	Private booking
Session	:	Private session	**Time**	:	16:00 - 17:30 WIB

TUTOR FEEDBACK

Session focus :

- 1. Reviewed the structure of a 90-second opening speech: position, evidence, and proposed action. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 2. Practised responding to two questions about climate adaptation funding. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 3. Reviewed the structure of a 90-second opening speech: position, evidence, and proposed action. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 4. Practised responding to two questions about climate adaptation funding. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 5. Reviewed the structure of a 90-second opening speech: position, evidence, and proposed action. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 6. Practised responding to two questions about climate adaptation funding. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 7. Reviewed the structure of a 90-second opening speech: position, evidence, and proposed action. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 8. Practised responding to two questions about climate adaptation funding. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 9. Reviewed the structure of a 90-second opening speech: position, evidence, and proposed action. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 10. Practised responding to two questions about climate adaptation funding. The student worked through a concrete example, compared alternatives, and explained the reasoning in

their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.

- 11. Reviewed the structure of a 90-second opening speech: position, evidence, and proposed action. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 12. Practised responding to two questions about climate adaptation funding. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 13. Reviewed the structure of a 90-second opening speech: position, evidence, and proposed action. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 14. Practised responding to two questions about climate adaptation funding. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 15. Reviewed the structure of a 90-second opening speech: position, evidence, and proposed action. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 16. Practised responding to two questions about climate adaptation funding. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 17. Reviewed the structure of a 90-second opening speech: position, evidence, and proposed action. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 18. Practised responding to two questions about climate adaptation funding. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 19. Reviewed the structure of a 90-second opening speech: position, evidence, and proposed action. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 20. Practised responding to two questions about climate adaptation funding. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.

Positive observations :

- 1. Explained the country position clearly and supported the main claim with a relevant example. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this

Positive observations :

- 13. Explained the country position clearly and supported the main claim with a relevant example. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 14. Maintained eye contact and delivered the closing statement within the time limit. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 15. Explained the country position clearly and supported the main claim with a relevant example. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 16. Maintained eye contact and delivered the closing statement within the time limit. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 17. Explained the country position clearly and supported the main claim with a relevant example. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 18. Maintained eye contact and delivered the closing statement within the time limit. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 19. Explained the country position clearly and supported the main claim with a relevant example. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 20. Maintained eye contact and delivered the closing statement within the time limit. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.

Points of improvement :

- 1. Reduce repeated filler words and pause briefly before answering questions. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 2. Prepare two reliable sources and practise a concise rebuttal before the next session. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 3. Reduce repeated filler words and pause briefly before answering questions. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 4. Prepare two reliable sources and practise a concise rebuttal

Points of improvement :

before the next session. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.

- 5. Reduce repeated filler words and pause briefly before answering questions. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 6. Prepare two reliable sources and practise a concise rebuttal before the next session. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 7. Reduce repeated filler words and pause briefly before answering questions. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 8. Prepare two reliable sources and practise a concise rebuttal before the next session. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 9. Reduce repeated filler words and pause briefly before answering questions. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 10. Prepare two reliable sources and practise a concise rebuttal before the next session. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 11. Reduce repeated filler words and pause briefly before answering questions. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 12. Prepare two reliable sources and practise a concise rebuttal before the next session. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 13. Reduce repeated filler words and pause briefly before answering questions. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 14. Prepare two reliable sources and practise a concise rebuttal before the next session. The student worked through a concrete example, compared alternatives, and explained the reasoning in their own words. Follow-up practice will revisit this point in a timed exercise with tutor feedback.
- 15. Reduce repeated filler words and pause briefly before answering questions. The student worked through a concrete
